Athletic honors for 60 undergraduates and two alumni will be awarded at DePauw University's tenth annual winter sports banquet Wednesday night.

Jih Counsilman, head swimming coach at Indiana and coach of America's swimming team in the 1964 Tokyo Olympics, will keynote the event.

To be honored at the 6:30 dinner in the Memorial Student Union building are freshman and varsity athletes who have earned letters or numerals in wrestling, swimming or basketball.

Black and gold "D" blankets for outstanding service to athletics in education will be presented by Athletic Director James Loveless to a pair of former DePauw athletes whose names will be announced during the program.

Top student awards will be handed out by the university to the most valuable athletes in wrestling, swimming and basketball.

Banquet speaker Counsilman recently guided his Hoosier contingent to second place in the NCAA meet at Yale. Under his tutelage, Indiana has remained undefeated in dual meets since 1959; this week it is defending its national AAU championship at Bartlesville, Okla.

Now 43 years old, Counsilman captained Ohio State's Big 10 and NCAA champs in 1946 and 1947. He earned the master's degree at Illinois in 1948 and the Ph. D. at the University of Iowa in 1952.

## Dillin Enjoins Big Four Strike

INDIANAPOLIS UPI—Talks were at a standstill today as union members of the New York Central Railroad's "Big Four" division returned to work by order of an Indianapolis federal judge.

District Judge S. Hugh Dillin enjoined a threatened strike by members of the Brotherhood of Locomotive Firemen and Enginemen, who stopped work over a work rules dispute.

The intended strike would have effected service at 250 points in Indiana, Ohio and Illinois, but was called off after Dillin issued an injunction Saturday.

The division operates 240 freight runs and 17 passenger trains a day over major links between Cleveland, St. Louis, Cincinnati, Chicago and Indianapolis as well as other points.

Dillin set an April 15 hearing in Indianapolis federal court to consider a permanent injunction.

## Bayh Addresses Democrat Rally

At a Putnam County Democratic rally Saturday night at the Fair Grounds, Senator Birch Bayh spoke not so much for the Democrats but talked as if the speech were directed to all American citizens. After some brief introductions by State Senator Marien Kirtley, Bayh brought out important items, namely: the Test Ban Treaty, the Long Range Economic Report, the need for monies toward education, and the Civil Rights Bill.

Sen. Bayh

In favor of the Test Ban Treaty, Bayh stated that this is "the first hopeful try for a peaceful coexistence" with the rest of the world. He said also that the Test Ban Treaty will put trust in the minds of Europeans as well as Americans; that it does not endanger our security as we already have an ample abundance of nuclear weapons; and third, that it will save us millions of dollars.

Bayh reminded the people that the \$11.5 billion to be held by the people because of President Johnson's tax cut, must be put back into the economy if the purpose of stimulating the US economy is to be met. "We cannot tolerate 5,000,000 of our fellow workers on the unemployment lists," and the tax cut should increase production, and consequently increase employment.

He also stated that we are declaring war on poverty and that the main cause, indirectly for poverty, is unemployment due to lack of education. "The United States must expand its vocational training" Americans to fight poverty. \$235 million are now being spent for industrial training alone. Proposals include a long range college program and college scholarships for graduate schools. Bayh urged those present to spend their money to put their children at least through high school, as "drop-outs" make up 95% of the unemployed.

In closing, Bayh said that he wants "equal opportunity" for all persons of any race, color or creed, and that it is imperative for the Civil Rights Bill to be passed immediately.

NEW YORK UPI—A soldier of the long gray line, Douglas MacArthur of Samar, St. Mihiel, Bataan, Corregidor, Inchon—and a thousand battlefields—was home today, in death, in the city he once called the greatest in the world.

The wretched body of the old fighter and statesman lay in custody of the Army he loved, watched over by members of the armed services of which he was the senior ranking officer.

It was received by Lt. Gen. Garrison H. Davidson, commander of the First U.S. Army, and was to remain for the day at a funeral chapel only two blocks from the starting point of General MacArthur's triumphal homecoming parade here 13 years ago.

It was in Washington, the city of his death, that he told Congress 13 years ago—while a moist-eyed nation listened—that "old soldiers never die, they just fade away." At 84, he fought his last fight against death in a struggle that lasted more than a month.

The general of the Army, winner of his country's highest military award, the Medal of Honor, and a brilliant fighting commander in three wars died at 2:39 p.m., EST of kidney and liver failure following three major operations during his last month.

Death came to the "old soldier" 61 years after he fired his first shots in battle for his country, as a raw 2nd lieutenant of engineers on Samar Island in the Philippines. Flags fell to half staff. Quickly the nine-car motorcade was organized.

The free world saluted him as a fallen warrior. From the plains of West Point to the green hills of the Japan he had conquered, mourning began. President Johnson, who served under MacArthur in World War II, led the nation by saying: "One of America's greatest heroes is dead. General of the Army Douglas MacArthur fought his last fight with all the valor that distinguished him in war and peace."

The President ordered American flags around the world to be flown at half staff for the week of mourning that begins today. MacArthur will be buried Saturday in the MacArthur Memorial in Norfolk, Va.

The man who was twice wounded in World War I and called the "fightingest general" of that war by the secretary of war, who guided American fighting men from the debacle of Bataan and Corregidor to (Continued on Page 2)

## Favors Economy In Government

State Rep. Robert L. Rock of Anderson, one of seven Democratic candidates for Indiana governor, said today he favors "economy with responsibility" at all levels of state government.

"I say economy should be a judicious trimming at all levels and all branches of government here possible," he said at a party rally in Greencastle.

Rock chided some Republicans who he said advocate economy measures that would result in higher property taxes.

For instance, he said, if the state fails to bear its share in public school support, local taxpayers would pay additional property taxes.

"I say this alternative is not acceptable and the state must continue to bear a large percentage of the burden," he said.

## Gov. Wallace In Wisconsin Race

MADISON, Wis. UPI—Alabama Gov. George Wallace, undaunted by a picketing demonstration against his segregationist policies, wound up his hard-fought campaign today in Wisconsin's presidential primary.

Gov. John Reynolds, the Democrat's favorite son candidate, warned Wisconsin voters that a large vote for Wallace in Tuesday's election would bring "shame" to their state.

The primary, expected to draw more than one million voters to the polls, has turned into a "referendum" in civil rights.

Reynolds, who had hoped to coast to an easy victory before Wallace entered the race, won the personal backing Sunday night of President Johnson and Atty. Gen. Robert F. Kennedy.

"The eyes of the nation will be on Wisconsin Tuesday," Kennedy said in a wire to a fund-raising dinner for Reynolds. "A substantial vote for Gov. Reynolds will bolster and reinforce those who are faced with the fight for human rights."

Johnson called Reynolds "a patriot and a leader in whom we can all take pride."

Wallace was clipped on the head and two of his aides were struck by demonstrators Sunday night at Kenosha, where the Alabama governor held a news conference to hammer home again his views on the civil rights bill.

### Today's Bible Thought

Prove all things; hold fast that which is good. I Thessalonians 5:21.

We do not need to prove the truth of the gospel or the power of Christ or the love of God. We simply need to see if our lives demonstrate the truth and power and love of eternal salvation.

## Florida Church Admits Negroes

Five Negroes attended previously all-white Grace Methodist Church in St. Augustine, Fla. Sunday, the same church that turned away Negroes on Easter Sunday.

The Rev. John Gill, pastor, said the services "went right smoothly."

Almost 300 persons, including Mrs. Malcolm Peabody Sr., the mother of Massachusetts Gov. Endicott Peabody, were arrested in St. Augustine last week during an integration drive.

Among the places the integrationists tried to integrate was the Grace Methodist Church. Gill said at the time he was "not in accord" with the turning away of a group of Negroes.

Asked Sunday if he planned to open the church on a regular basis to Negroes, Gill said, "I don't know about that."

Malcolm Peabody, Jr., brother of the Massachusetts governor, said in Boston he was told that ushers first slammed a door in the faces of the integrationists Sunday. Later, he said, another door was opened and the group made its way to front pews. Whites remained in their seats and there were no incidents.

Plymouth's engine and drive train warranty\* has 26,000 miles more to go. Ford and Chevrolet warranties on these parts end here.

If you keep your new Plymouth for 5 years or 50,000 miles, whichever comes first, you'll be protected all that time by this remarkable warranty. If you trade it earlier, you'll have a car which should be much more attractive on the used car market. Either way you're far ahead.

\*HERE'S HOW PLYMOUTH'S STRONG 5/YO WARRANTY PROTECTS YOU: Chrysler Corporation warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

Imagine what this can mean to resale value!

Local Keglers  
Tied For First

The fourth weekend of the 1964 Journal Herald National Industrial bowling tournament proved to be one of the most productive in the 27 years the event has been conducted.

International Harvester's Sheet Metal, from Springfield, O., and the IBM Thinkers out of Greencastle, each assumed a share of the first place in the important team handicap division with identical 3157 score.

The two teams' tourney-leading totals are nine pins higher than the 3148 with which Alkon's Fluid Five won last year's \$12,500 first place prize. A whopping \$15,000 will be awarded the team with the top handicap output this year.

Sheet Metal fired its round, 2755 of which was actual pinfall, Saturday night. Jim Lough paced the Springfield team with a 614 scratch series.

On Easter, the Thinkers made Sheet Metal's undisputed lead short-lived, mainly through the yeoman anchor work of Lynn Murray, who shot a 652 actual. Murray who rolled games of 238, 230 and 184, did not experience an open frame until the tenth frame of his final game, when a mere mark would have put the Thinkers into the lead. At this point, however, Murray had the extreme misfortune of leaving a 4-6 split. He floored one of the two remaining pins to give the Thinkers a first place tie.

The Hoosier group's 2986 actual effort took over first place in this Varsity Lanes hosted tournament in which 12 weeks of competition still are remaining. Dale Smalley of Ludlow, Ky., earned another tourney high with his 269 actual singleton.

Tigers Bow To  
IU In Baseball

Indiana spoiled DePauw's debut Saturday, taking both games of a doubleheader, 2-0 and 9-3.

Wet field conditions drove the twinbill from Blackstock to Bloomington and head Tiger coach Ted Katula said added weekend rains may douse two more games here tomorrow and Wednesday with Miami (O.) and Hanover. Game time each

day will be 3:30 p.m.

Rain also squelched the seven-team Purdue track meet in which DePauw was to have participated Saturday. Opening outdoor action now has been shoved back to April 11 at the Wabash Relays.

Dedication of a battery of new courts and a three-match winning streak provides incentives for tomorrow's tennis match here against Butler.

Fresh from a victorious spring trip through Tennessee, the Tiger netters return to test the Bulldogs and the new seven-court layout adjacent to the football field.

Banquet Held  
At North Salem

The Big 4 Conference Basketball Banquet was held at North Salem High School, April 2. Rev. L. C. Zeigler, pastor of the North Salem Christian Church, was the speaker.

All Conference players were: Huckstep, Wethington, Dale, Wells High School; Randel, Kelsey, Dover High School; McCullough, Pittsboro High School; Preston, Roachdale High School; Rossok, Bainbridge High School; Waltz, Ross, North Salem High School.

The winner of the B team trophy was Pittsboro High School, and the winner of the Varsity trophy was Wells High School.

Bob Woodworth  
Funeral Tuesday

LAFAYETTE UPI — Services will be held Tuesday for Robert C. Woodworth, 61, Purdue University's athletic publicity director since 1928.

Woodworth, a founder of the Football Writers Association of America, died at his home Saturday of cancer. He had been ill since last September.

The son of an educator, Woodworth was graduated from Purdue with a degree in engineering but turned to sports. He served as sports editor of the Lafayette Journal & Courier, then returned to Purdue. He was athletic director for one year, later concentrating on his job as athletic publicity director.

Survivors include the widow, Margaret, a son and a daughter.

3 Major Auto  
Races Sunday

World champion Jimmy Clark, Johnny Rutherford and Fred Lorenzen won major auto races Sunday.

Clark, the Scottish farmer and runnerup in last year's Indianapolis "500," was an easy winner in a Lotus in France's Grand Prix De Pau at a record speed of 62 miles per hour.

Rutherford, Fort Worth, Tex., led all the way to win the USAC sprint car race at Dayton, Ohio, and Lorenzen, of Elmhurst, Ill., won the Atlanta "500" stock car event for a record third consecutive time. He was driving a 1964 Ford.

No Indianapolis "500" drivers finished among the first 10, although Jim Hurtubise was fourth in relief for Junior Johnson. Paul Goldsmith, another Indianapolis race veteran, led the first 55 laps but had to drop out after a tire blow-out on an high-banked turn. His car slipped over but Goldsmith was not hurt.

## Bowling Champ

DENVER UPI — Slender Don Johnson of Kokomo, Ind., captured his first professional bowling victory in three years on tour by posting a 254-225 win in the Professional Bowling Association's Denver Open during the weekend.

A survey of New York secretaries showed that about one-third don't like the traditional 9 to 5 office hours. Seventeen per cent would prefer to work 10 to 6 and another 14 per cent favor starting at 8 and quitting at 4.

INDIANAPOLIS UPI — A \$91,000 damage suit filed in Federal Court by a disgruntled, would-be Anderson postmaster against a number of officials, including Sen. Vance Hartke, D-Ind., was thrown out of court Friday.

Able John Boone, buildings and grounds superintendent of Anderson Twp. Schools, filed the suit last July, charging he scored second high in the Civil Service examination and that Howard Ring, who got the postmastership, failed to pass the test.

The government moved to have the case dismissed and

Judge William F. Steckler granted the motion. Other defendants named in the suit, in addition to Hartke, were Rep. J. Edward Roush, D-Ind., Madison County Democratic Chairman William J. Norton and Ring.

**THE TAX SITUATION**

INDIANAPOLIS UPI — Abolishment of either the Indiana sales tax or the gross income tax would result in the need for doubling or nearly doubling the tax left.

Candidates and others who advocate repeal of either or both of the taxes today received eye-opening news from the Commission on State Tax and Financing Policy, a bi-partisan agency of the Indiana Legislature.

The study showed that in order to eliminate the sales tax and still keep the \$238 million it is bringing in for the 1963-65

biennium the adjusted gross income tax of 2 per cent would go to 3½ per cent.

In order to fill the hole left by eliminating the gross income tax, the sales tax would need to be raised from 2 per cent to slightly over 5 per cent to produce the \$220 million it is scheduled to bring in this biennium.

The commission mailed the study Friday to all state candidates for political office.

Repeal of the sales tax and adoption of the exemptions and federal net income tax would mean a flat rate of about 4½ per cent in the gross income

tax. Even those who have urged the sales and adjusted gross taxes be scrapped and the state return to the "old" gross income tax the commission warned that to raise the same money now, the individual tax rate would have to be 2.2 per cent instead of 1½ per cent and that for wholesalers it would be .54 per cent instead of .375 per cent.

property taxes paid to local governmental units in 1963 totaled \$221 million and real property taxes produced \$338.6 million.

If household goods taxes alone were eliminated, local governments would need to find \$16.5 million in some other place.

... AND THEN THERE WAS ONE—On May 1, 1957, six men stood on this lofty perch atop the Kremlin Wall as Red Military might passed in review below. Today, with the announcement that V. M. Molotov, Georgi M. Malenkov and Lazar M. Kaganovich had been expelled from the Soviet Communist Party, only one, Nikita Khrushchev, remains in the Soviet hierarchy. Standing shoulder to shoulder, that day were (left to right) Marshal Georgi Zhukov former Defense Minister; Nikita Khrushchev (then Communist Party First Secretary); Nilolai Bulganin, former Premier (ousted as Premier by Khrushchev less than a year after photo was taken); Lazar Kaganovich, former First Deputy Premier; Georgi Malenkov, former Premier; and V. M. Molotov, former Premier and Foreign Minister.

Fire can destroy the Bond...  
but not your savings

All that the owner of this charred U.S. Savings Bond has to do is mail the remains to the Treasury Department, with as much more information as he can give—serial number, and date and place of issue. He'll get a fresh Bond to replace it. No charge.

The Treasury has grown accustomed to providing this sort of service. In the past 20 years it has replaced over 1,300,000 Savings Bonds that have been lost, stolen, burned or mistakenly tossed out with the trash.

Every U.S. Savings Bond sold is registered in the name of its owner, and a microfilm record made. So the

government can check when, where, and in whose name a Bond was purchased—even if there isn't a burned crisp to send them.

This assurance against loss is another of the many reasons why Americans now hold over \$47 billion in Series E and H Savings Bonds. The money they're saving is providing for their personal security. And it's also helping to build the strength of America at a time when the enemies of freedom are stronger than ever.

U.S. Savings Bonds are a good way to provide for your future. Buy them where you bank or work.
